Connecting the unconnected

We believe everyone deserves the benefits of a modern connected life. We are accelerating digital and financial inclusion by connecting the unconnected and ensuring that people reap the social, economic and developmental dividends of being online. Our dual data strategy aims to provide access to customers across different segments within our markets, addressing the urban-rural divide.

Lower-income and/or rural customers make up around 70% of our market. We provide affordable solutions – at multiple low-cost entry levels – and tailored products and services, that connect customers to the global community. Our CHASE framework, introduced in 2018, guides us in overcoming the five key barriers to mobile internet adoption: coverage, handsets, affordability, service bundling, and education and ease of access.

CHASE
Fulfilling the connectivity and communication needs of our customers

<table>
<thead>
<tr>
<th>COVERAGE</th>
<th>HANDSETS</th>
<th>AFFORDABILITY</th>
<th>SERVICE BUNDLING</th>
<th>EDUCATION AND EASE OF ACCESS</th>
</tr>
</thead>
<tbody>
<tr>
<td>Ensure sufficient and affordable data coverage in rural and low-income areas</td>
<td>Increase affordability and access to data-enabled devices</td>
<td>Increase data service affordability</td>
<td>Creating service offerings that are relevant and simple and meaningful to customers</td>
<td>Enhance digital literacy and ease with which data can be accessed</td>
</tr>
</tbody>
